EWI Announces New Auditor

Environmental Waste International Inc. (EWI) is pleased to announce that its Audit Committee has appointed Harvey Cantor Professional Corporation, Chartered Accountants as its new auditor.

Mr. Cantor's first order of business will be the re-audit of EWI's 2003 annual financial statements. EWI was recently informed by the Ontario Securities Commission (OSC) that its auditor for the 2003 fiscal year, Andrew Campbell CA, was not qualified to render audit opinions subsequent to March 30, 2004; Mr. Campbell's audit report was dated April 12, 2004. EWI was unaware of Mr. Campbell's loss of qualification until informed by the OSC, and believed at the time of completion of the 2003 audit that he was qualified to render an opinion on the financial statements.

The OSC's position is that because Mr. Campbell was not qualified on April 12, 2004, no financial statements have been filed for the 2003 fiscal year. The OSC has required that financial statements for 2003 be refiled expeditiously with the audit report of the new auditor. EWI will work with Mr. Cantor to accomplish this as quickly as possible.

EWI has unique processors based on patented technology to treat medical waste, liquid biological waste and rubber tires and is presently working on designs for processors for use in several other commercial applications.
